PROT. N. 2669/SSO-2

Egregio Dott. Quintavalle,

The first pilot course organised by SSPA in Caserta within the framework of the European Senior Civil Servant project has just been concluded on Friday 7th March 2008.

I was very satisfied to hear about the positive outcomes of this training at the awarding ceremony, in which took part the Italian Minister of Civil Service, prof. Luigi Nicolais.

The innovative formula chosen to implement the course, the active and enthusiastic participation of the audience, the very high level of the lecturers contributed to the overall success of this event and made of it a performing experience. Thanks to the fruitful exchange of experiences among participants and lecturers coming from different horizons, the foundations for a network of Public Administration senior civil servants were laid.

In this respect, the presence of observers was fundamental and I hope that this will evolve toward stronger relationships and co-operation

I thank you therefore for your precious and active contribution in this first event, which is particularly important for the development of the international activities of the School.

I take this opportunity to inform you that the virtual forum created through the e-learning platform will remain active in order to keep contacts within the community and to exchange ideas and proposals. Moreover, the SSPA and the project partners intend to consolidate the experience of the "European Senior Civil Servant" project launching, in the coming months, new editions of the course, in Italy and in other European countries, in order to enhance the visibility of the project and the recognition of the competences acquired.

In this prospect, SSPA will remain the main reference for future activities and discussions among the community of students and will be therefore at your disposal for any further information you may need.

Mu Saluto cordiale,

Prof. Valeria Termini
